The Benefits of Gifting membership to your Adopters, Fosterers or Carers

Providing a membership to The Animal Charity Pharmacy (TACP) as part of the adoption package helps new owners give their pets the best possible start in their new home. By gifting a TACP membership with every adoption, rescues can extend their support beyond rehoming, helping adopters access affordable pet healthcare while promoting lifelong, successful pet ownership.

1. Helps Reduce the Cost of Pet Ownership

A TACP membership can provide access to affordable pet medications and healthcare products, helping owners manage ongoing costs more effectively. Also helps to support adoptions of older animals, or animals with chronic health conditions that can be costly.

2. Supports Long-Term Animal Welfare

When veterinary medicines and treatments are more affordable, pets are more likely to receive the care they need throughout their lives, improving health outcomes and wellbeing.

3. Encourages Responsible Pet Ownership

By connecting adopters with a trusted source of pet healthcare products from the beginning, charities can help owners establish good preventative care habits.

4. Adds Value to the Adoption Package

A complimentary TACP membership is a practical and meaningful benefit that demonstrates your charity's commitment to supporting both the animal and the adopter after adoption.

5. Provides Ongoing Support Beyond Adoption Day

The adoption journey doesn't end when an animal leaves the rescue. TACP membership gives adopters access to continued savings and support as they care for their new pet.

6. Helps Keep Pets in Their Homes

Financial pressures can sometimes make pet ownership challenging. By helping reduce the cost of essential medications and treatments, TACP membership may help prevent avoidable pet relinquishment.

7. Strengthens the Charity's Aftercare Programme

Offering TACP membership shows adopters that your charity is invested in the long-term success of every adoption, helping build trust and positive relationships with adopters.

8. Benefits Both Pets and Their Owners

The membership helps to ensure that animals receive the medications and healthcare products they need to live healthy, happy lives.
